

Publication of the Month

Starting this November, GreyNet International will showcase a publication each month drawn from new record entries housed in the GreyGuide Repository.

If your institute or organization publishes grey literature in one or more [document types](#), you are invited to enter them in the RGL (Resources in Grey Literature), multidisciplinary collection. Each new entry receives a minted DOI (persistent identifier) and a system generated citation.

At the close of each month, a publication is drawn from among the new entries and is showcased on [GreyNet's homepage](#) and via its social media ([Facebook](#) and [LinkedIn](#)).
