

**Data Retention Respondents**  
**Respondent 25: Stacy Lathrop, [stacy.lathrop@nih.gov](mailto:stacy.lathrop@nih.gov)**

**Q1**

Indicate the type(s) of data produced by your organization in digital and/or non-digital formats

- Audio-visual materials
  - Other types of grey literature
- 

**Q2**

Indicate the type(s) of data your organization collects in digital and/or non-digital formats

- Academic journals
  - Academic conference materials
  - Theses
  - Audio-visual materials
  - Other types of grey literature
- 

**Q3**

Indicate the type(s) of data that a paid subscription and usage fee are required for their acquisition

Respondent skipped this question

**Q4**

Indicate the type(s) of data to which metadata is assigned and managed in a database

- Academic journals
  - Academic conference materials
  - Theses
  - Other types of grey literature
- 

**Q5**

Indicate the type(s) of data that your organization houses and manages in a full-text database

- Academic journals
  - Other types of grey literature
- 

**Q6**

Indicate the type(s) of data your organization provides via internet online services

- Academic journals
  - Other types of grey literature
- 

**Q7**

Among the type(s) of data provided by your organization, indicate those that are free-of-charge, under a CC license, or otherwise OA compliant

- Academic journals
  - Other types of grey literature
- 

**Q8**

Indicate which of these types of grey literature your organization purchases for a fee

- None of the above
- 

**Q9**

Indicate which of these types of grey literature your organization collects, manages, and provides free-of-charge

- Research reports
- Technical reports
- Policy trend documents
- Tech trend reports
- Research data

**Data Retention Respondents**  
**Respondent 24: Sharad Shah, [shahs@si.edu](mailto:shahs@si.edu)**

Q1

Indicate the type(s) of data produced by your organization in digital and/or non-digital formats

- Academic journals

---

- Academic conference materials
- Audio-visual materials
- Other types of grey literature

Q2

Indicate the type(s) of data your organization collects in digital and/or non-digital formats

- Academic journals

---

- Academic conference materials
- Audio-visual materials
- Other types of grey literature

Q3

Indicate the type(s) of data that a paid subscription and usage fee are required for their acquisition

- Academic journals

---

- Academic conference materials

Q4

Indicate the type(s) of data to which metadata is assigned and managed in a database

- Academic journals

---

- Academic conference materials
- Other types of grey literature

Q5

Indicate the type(s) of data that your organization houses and manages in a full-text database

- Academic journals

---

- Academic conference materials

Q6

Indicate the type(s) of data your organization provides via internet online services

## Data Retention Respondents

### Respondent 21: Ana Češarek, [anci.cesarek@gmail.com](mailto:anci.cesarek@gmail.com) (uni-lj.si)

Q1

Indicate the type(s) of data produced by your organization in digital and/or non-digital formats

- Academic journals
- Academic conference materials
- Theses
- Audio-visual materials
- Other types of grey literature

Q2

Indicate the type(s) of data your organization collects in digital and/or non-digital formats

- Academic journals
- Academic conference materials
- Theses
- Audio-visual materials
- Other types of grey literature

Q3

Indicate the type(s) of data that a paid subscription and usage fee are required for their acquisition

- Academic journals

Q4

Indicate the type(s) of data to which metadata is assigned and managed in a database

- Academic journals
- Academic conference materials
- Theses
- Other types of grey literature

Q5

Indicate the type(s) of data that your organization houses and manages in a full-text database

- Academic conference materials
- Theses

Q6

Indicate the type(s) of data your organization provides via internet online services

- Academic journals
- Academic conference materials
- Theses

Q7

Among the type(s) of data provided by your organization, indicate those that are free-of-charge, under a CC license, or otherwise OA compliant

- Academic conference materials
- Theses

Q8

Indicate which of these types of grey literature your organization purchases for a fee

- None of the above

Q9

Indicate which of these types of grey literature your organization collects, manages, and provides free-of-charge

- Research reports
- Policy trend documents
- Research data

**Data Retention Respondents**  
**Respondent 20: András Holl, [andras.holl@konyvtar.mta.hu](mailto:andras.holl@konyvtar.mta.hu)**

**Q1**

Indicate the type(s) of data produced by your organization in digital and/or non-digital formats

- Academic journals

---

- Academic conference materials
- Theses

**Q2**

Indicate the type(s) of data your organization collects in digital and/or non-digital formats

- Academic journals

---

- Academic conference materials
- Theses
- Other types of grey literature

**Q3**

Indicate the type(s) of data that a paid subscription and usage fee are required for their acquisition

Respondent skipped this question

**Q4**

Indicate the type(s) of data to which metadata is assigned and managed in a database

- Academic journals

---

- Academic conference materials
- Theses
- Other types of grey literature

**Q5**

Indicate the type(s) of data that your organization houses and manages in a full-text database

- Academic journals

---

- Academic conference materials
- Theses
- Other types of grey literature

**Q6**

Indicate the type(s) of data your organization provides via internet online services

- Academic journals

---

- Academic conference materials
- Theses
- Other types of grey literature

**Q7**

Among the type(s) of data provided by your organization, indicate those that are free-of-charge, under a CC license, or otherwise OA compliant

- Academic journals

---

- Academic conference materials
- Theses
- Other types of grey literature

**Q8**

Indicate which of these types of grey literature your organization purchases for a fee

- None of the above

**Q9**

Indicate which of these types of grey literature your organization collects, manages, and provides free-of-charge

- Research reports

---

- Technical reports
- Research data

**Data Retention Respondents**  
**Respondent 19: Daryl Superio, [dlsuperio@nisu.edu.ph](mailto:dlsuperio@nisu.edu.ph)**

Q1

Indicate the type(s) of data produced by your organization in digital and/or non-digital formats

- Academic journals

---

- Academic conference materials
- Theses
- Other types of grey literature

Q2

Indicate the type(s) of data your organization collects in digital and/or non-digital formats

- Academic journals

---

- Academic conference materials
- Theses
- Audio-visual materials
- Other types of grey literature

Q3

Indicate the type(s) of data that a paid subscription and usage fee are required for their acquisition

- Academic journals

Q4

Indicate the type(s) of data to which metadata is assigned and managed in a database

- Academic journals

---

- Academic conference materials
- Theses
- Other types of grey literature

Q5

Indicate the type(s) of data that your organization houses and manages in a full-text database

- Academic journals

---

- Academic conference materials
- Other types of grey literature

Q6

Indicate the type(s) of data your organization provides via internet online services

- Academic journals

---

- Academic conference materials
- Theses
- Other types of grey literature

Q7

Among the type(s) of data provided by your organization, indicate those that are free-of-charge, under a CC license, or otherwise OA compliant

- Academic journals

---

- Academic conference materials
- Theses
- Other types of grey literature

Q8

Indicate which of these types of grey literature your organization purchases for a fee

- None of the above

Q9

Indicate which of these types of grey literature your organization collects, manages, and provides free-of-charge

- Research reports

---

- Technical reports
- Policy trend documents
- Tech trend reports
- Research data
- None of the above???

## Data Retention Respondents

**Respondent 18: Charles Scott Dorris, [csd24@georgetown.edu](mailto:csd24@georgetown.edu)**

Q1

Indicate the type(s) of data produced by your organization in digital and/or non-digital formats

- Academic conference materials
- Audio-visual materials

Q2

Indicate the type(s) of data your organization collects in digital and/or non-digital formats

- Academic journals
- Academic conference materials
- Audio-visual materials

Q3

Indicate the type(s) of data that a paid subscription and usage fee are required for their acquisition

- Academic journals
- Academic conference materials
- Theses
- Other types of grey literature

Q4

Indicate the type(s) of data to which metadata is assigned and managed in a database

- Academic journals
- Theses

Q5

Indicate the type(s) of data that your organization houses and manages in a full-text database

Respondent skipped this question

Q6

Indicate the type(s) of data your organization provides via internet online services

- Academic journals
- Academic conference materials
- Theses
- Other types of grey literature

Q7

Among the type(s) of data provided by your organization, indicate those that are free-of-charge, under a CC license, or otherwise OA compliant

- Academic conference materials

Q8

Indicate which of these types of grey literature your organization purchases for a fee

- None of the above

Q9

Indicate which of these types of grey literature your organization collects, manages, and provides free-of-charge

- None of the above

## Data Retention Respondents

### Respondent 17: Margret Plank, [Margret.plank@tib.uni-hannover.de](mailto:Margret.plank@tib.uni-hannover.de)

Q1

Indicate the type(s) of data produced by your organization in digital and/or non-digital formats

- Academic journals
- Academic conference materials
- Theses
- Audio-visual materials
- Other types of grey literature

Q2

Indicate the type(s) of data your organization collects in digital and/or non-digital formats

- Academic journals
- Academic conference materials
- Theses
- Audio-visual materials
- Other types of grey literature

Q3

Indicate the type(s) of data that a paid subscription and usage fee are required for their acquisition

Respondent skipped this question

Q4

Indicate the type(s) of data to which metadata is assigned and managed in a database

- Academic journals
- Academic conference materials
- Theses
- Other types of grey literature

Q5

Indicate the type(s) of data that your organization houses and manages in a full-text database

- Academic journals
- Academic conference materials
- Theses
- Other types of grey literature

Q6

Indicate the type(s) of data your organization provides via internet online services

- Academic journals
- Academic conference materials
- Theses
- Other types of grey literature

Q7

Among the type(s) of data provided by your organization, indicate those that are free-of-charge, under a CC license, or otherwise OA compliant

- Academic journals
- Academic conference materials
- Theses
- Other types of grey literature

Q8

Indicate which of these types of grey literature your organization purchases for a fee

- None of the above

Q9

Indicate which of these types of grey literature your organization collects, manages, and provides free-of-charge

- Research reports
- Technical reports
- Policy trend documents
- Tech trend reports
- Research data

## Data Retention Respondents

---

### Respondent 16: Anonymous

Q1

Indicate the type(s) of data produced by your organization in digital and/or non-digital formats

- Audio-visual materials
  - Other types of grey literature
- 

Q2

Indicate the type(s) of data your organization collects in digital and/or non-digital formats

Respondent skipped this question

Q3

Indicate the type(s) of data that a paid subscription and usage fee are required for their acquisition

Respondent skipped this question

Q4

Indicate the type(s) of data to which metadata is assigned and managed in a database

- Other types of grey literature
- 

Q5

Indicate the type(s) of data that your organization houses and manages in a full-text database

- Other types of grey literature
- 

Q6

Indicate the type(s) of data your organization provides via internet online services

- Academic journals
  - Other types of grey literature
- 

Q7

Among the type(s) of data provided by your organization, indicate those that are free-of-charge, under a CC license, or otherwise OA compliant

## Data Retention Respondents

### Respondent 15: Tim Evans, [tim.evans@york.ac.uk](mailto:tim.evans@york.ac.uk)

Q1

Indicate the type(s) of data produced by your organization in digital and/or non-digital formats

- Academic journals
- Academic conference materials
- Audio-visual materials
- Other types of grey literature

Q2

Indicate the type(s) of data your organization collects in digital and/or non-digital formats

- Academic journals
- Academic conference materials
- Theses
- Audio-visual materials
- Other types of grey literature

Q3

Indicate the type(s) of data that a paid subscription and usage fee are required for their acquisition

Respondent skipped this question

Q4

Indicate the type(s) of data to which metadata is assigned and managed in a database

- Academic journals
- Academic conference materials
- Theses
- Other types of grey literature

Q5

Indicate the type(s) of data that your organization houses and manages in a full-text database

Respondent skipped this question

Q6

Indicate the type(s) of data your organization provides via internet online services

- Academic journals
- Academic conference materials
- Theses
- Other types of grey literature

Q7

Among the type(s) of data provided by your organization, indicate those that are free-of-charge, under a CC license, or otherwise OA compliant

- Academic journals
- Academic conference materials
- Theses
- Other types of grey literature

Q8

Indicate which of these types of grey literature your organization purchases for a fee

- None of the above

Q9

Indicate which of these types of grey literature your organization collects, manages, and provides free-of-charge

- Research reports
- Technical reports
- Research data

## Data Retention Respondents

### Respondent 6: Julia Gelfand, [jgelfand@uci.edu](mailto:jgelfand@uci.edu)

Q1

Indicate the type(s) of data produced by your organization in digital and/or non-digital formats

- Academic journals
- Academic conference materials

Q2

Indicate the type(s) of data your organization collects in digital and/or non-digital formats

- Academic journals
- Academic conference materials
- Theses
- Audio-visual materials
- Other types of grey literature

Q3

Indicate the type(s) of data that a paid subscription and usage fee are required for their acquisition

- Academic journals
- Academic conference materials

Q4

Indicate the type(s) of data to which metadata is assigned and managed in a database

- Academic journals
- Academic conference materials
- Theses
- Other types of grey literature

Q5

Indicate the type(s) of data that your organization houses and manages in a full-text database

- Academic journals
- Academic conference materials
- Theses
- Other types of grey literature

Q6

Indicate the type(s) of data your organization provides via internet online services

- Academic journals
- Academic conference materials
- Theses
- Other types of grey literature

Q7

Among the type(s) of data provided by your organization, indicate those that are free-of-charge, under a CC license, or otherwise OA compliant

- Theses

Q8

Indicate which of these types of grey literature your organization purchases for a fee

- Technical reports
- Policy trend documents
- Tech trend reports
- Research data

Q9

Indicate which of these types of grey literature your organization collects, manages, and provides free-of-charge

Respondent skipped this question

## Data Retention Respondents

### Respondent 5: Marcus Vaska, [marcus.vaska@albertahealthservices.ca](mailto:marcus.vaska@albertahealthservices.ca)

Q1

Indicate the type(s) of data produced by your organization in digital and/or non-digital formats

- Academic journals
- Audio-visual materials
- Other types of grey literature

Q2

Indicate the type(s) of data your organization collects in digital and/or non-digital formats

- Academic journals
- Audio-visual materials
- Other types of grey literature

Q3

Indicate the type(s) of data that a paid subscription and usage fee are required for their acquisition

- Academic journals

Q4

Indicate the type(s) of data to which metadata is assigned and managed in a database

- Academic journals
- Other types of grey literature

Q5

Indicate the type(s) of data that your organization houses and manages in a full-text database

- Academic journals
- Other types of grey literature

Q6

Indicate the type(s) of data your organization provides via internet online services

- Academic journals
- Other types of grey literature

Q7

Among the type(s) of data provided by your organization, indicate those that are free-of-charge, under a CC license, or otherwise OA compliant

- Academic journals
- Other types of grey literature

Q8

Indicate which of these types of grey literature your organization purchases for a fee

- None of the above

Q9

Indicate which of these types of grey literature your organization collects, manages, and provides free-of-charge

- None of the above

## Data Retention Respondents

### Respondent 4: Danielle Aloia, [danielle.aloia@gmail.com](mailto:danielle.aloia@gmail.com) (NYMC)

Q1

Indicate the type(s) of data produced by your organization in digital and/or non-digital formats

- Academic journals
- Academic conference materials
- Theses

Q2

Indicate the type(s) of data your organization collects in digital and/or non-digital formats

- Academic journals
- Academic conference materials
- Theses
- Audio-visual materials

Q3

Indicate the type(s) of data that a paid subscription and usage fee are required for their acquisition

- Academic journals

Q4

Indicate the type(s) of data to which metadata is assigned and managed in a database

- Academic journals
- Academic conference materials
- Theses

Q5

Indicate the type(s) of data that your organization houses and manages in a full-text database

- Theses

Q6

Indicate the type(s) of data your organization provides via internet online services

- Academic journals
- Academic conference materials
- Theses

Q7

Among the type(s) of data provided by your organization, indicate those that are free-of-charge, under a CC license, or otherwise OA compliant

- Academic journals
- Academic conference materials
- Theses

Q8

Indicate which of these types of grey literature your organization purchases for a fee

- Research reports
- Research data

Q9

Indicate which of these types of grey literature your organization collects, manages, and provides free-of-charge

- Research data

## Data Retention Respondents

---

### Respondent 3: Kiyoshi Ikeda, [ikep@me.com](mailto:ikep@me.com)

Q1

Indicate the type(s) of data produced by your organization in digital and/or non-digital formats

- Other types of grey literature

Q2

Indicate the type(s) of data your organization collects in digital and/or non-digital formats

- Academic journals
- Academic conference materials
- Theses
- Audio-visual materials
- Other types of grey literature

Q3

Indicate the type(s) of data that a paid subscription and usage fee are required for their acquisition

- Academic journals
- Academic conference materials
- Other types of grey literature

Q4

Indicate the type(s) of data to which metadata is assigned and managed in a database

- Academic journals
- Academic conference materials
- Theses
- Other types of grey literature

Q5

Indicate the type(s) of data that your organization houses and manages in a full-text database

- Other types of grey literature

Q6

Indicate the type(s) of data your organization provides via internet online services

- Other types of grey literature

Q7

Among the type(s) of data provided by your organization, indicate those that are free-of-charge, under a CC license, or otherwise OA compliant

- Other types of grey literature

Q8

Indicate which of these types of grey literature your organization purchases for a fee

- Research reports

Q9

Indicate which of these types of grey literature your organization collects, manages, and provides free-of-charge

- Research reports
- Technical reports
- Policy trend documents
- Research data

**Data Retention Respondents**  
**Respondent 2: Tamsin Vicary, [tamsin.vicary@fao.org](mailto:tamsin.vicary@fao.org)**

Q1

Indicate the type(s) of data produced by your organization in digital and/or non-digital formats

- Academic journals

---

- Academic conference materials
- Audio-visual materials
- Other types of grey literature

Q2

Indicate the type(s) of data your organization collects in digital and/or non-digital formats

- Academic journals

---

- Academic conference materials
- Theses
- Audio-visual materials
- Other types of grey literature

Q3

Indicate the type(s) of data that a paid subscription and usage fee are required for their acquisition

Respondent skipped this question

Q4

Indicate the type(s) of data to which metadata is assigned and managed in a database

- Academic journals

---

- Academic conference materials
- Theses
- Other types of grey literature

Q5

Indicate the type(s) of data that your organization houses and manages in a full-text database

- Academic journals

---

- Academic conference materials
- Other types of grey literature

Q6

Indicate the type(s) of data your organization provides via internet online services

- Academic journals

---

- Academic conference materials
- Other types of grey literature

Q7

Among the type(s) of data provided by your organization, indicate those that are free-of-charge, under a CC license, or otherwise OA compliant

- Academic journals

---

- Academic conference materials
- Other types of grey literature

Q8

Indicate which of these types of grey literature your organization purchases for a fee

- None of the above

Q9

Indicate which of these types of grey literature your organization collects, manages, and provides free-of-charge

- Research reports

---

- Technical reports
- Policy trend documents
- Tech trend reports
- Research data

## Data Retention Respondents

### Respondent 1: Joachim Schöpfel, [joachim.schopfel@univ-lille.fr](mailto:joachim.schopfel@univ-lille.fr)

Q1

Indicate the type(s) of data produced by your organization in digital and/or non-digital formats

- Academic journals
- Theses
- Audio-visual materials

Q2

Indicate the type(s) of data your organization collects in digital and/or non-digital formats

- Academic journals
- Academic conference materials
- Theses
- Audio-visual materials
- Other types of grey literature

Q3

Indicate the type(s) of data that a paid subscription and usage fee are required for their acquisition

- Academic journals
- Theses

Q4

Indicate the type(s) of data to which metadata is assigned and managed in a database

- Academic journals
- Theses
- Other types of grey literature

Q5

Indicate the type(s) of data that your organization houses and manages in a full-text database

- Academic journals
- Theses

Q6

Indicate the type(s) of data your organization provides via internet online services

- Academic journals
- Theses
- Other types of grey literature

Q7

Among the type(s) of data provided by your organization, indicate those that are free-of-charge, under a CC license, or otherwise OA compliant

- Academic journals
- Theses
- Other types of grey literature

Q8

Indicate which of these types of grey literature your organization purchases for a fee

Respondent skipped this question

Q9

Indicate which of these types of grey literature your organization collects, manages, and provides free-of-charge
